

# Scheduled Chemicals under the Chemical Weapons Convention (CWC)

Schedule 1

Schedule 2

Schedule 3

**The national experts and policy makers of the BWC should carefully examine both the CWC verification regime itself and the lessons learned from implementing those measures by the OPCW in the past twenty-three years.**

ORGANISATION FOR THE PROHIBITION OF CHEMICAL WEAPONS

Working Together for a World Free of Chemical Weapons

Relationship between Schedules, illustrated with sulfur mustard.

Scheduled chemicals, including those in schedules 1 and 2, can have scientifically and economically important uses. This chart captures the number of yearly scientific publications that refer to them.
