

# INDUSTRY AND DIVERSION

Rob Hunter-Perkins  
Head of Research

The Role of Industry in Responsible  
International Transfers of Conventional  
Arms: Experiences and Perspectives

**iTRACE**  
European Union Funded

11 May 2023

# CONFLICT ARMAMENT RESEARCH

---

- Identify, document, trace and analyse illicit weapons and ammunition.
- Work with governments and industry stakeholders in a transfer chain to identify diversion points and help inform supply chain vulnerabilities.

# TRACING AND INDUSTRY

---

- Informed about diversion of their products.
- Supports future due diligence efforts.
- Alert to counterfeiting and reproductions.

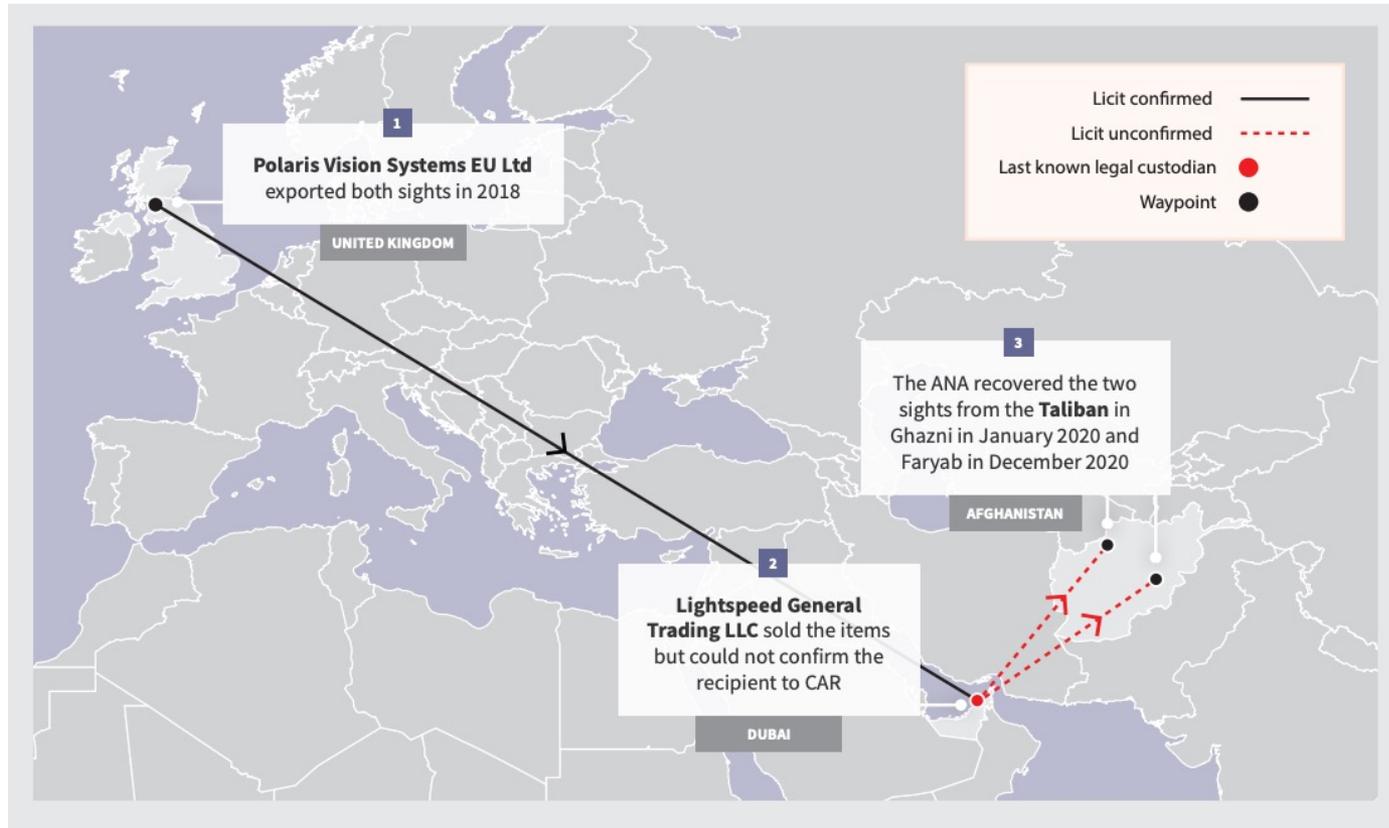

# CASE 1: NIGHT VISION

---

# TRACING THE CHAIN OF CUSTODY

# INDUSTRY ACTIONS

---

- Commercial due diligence for sensitive items.
- Information-sharing during transfers.
- Downstream record-keeping
- Support trace investigations.
- Stopping transfers where future diversion risk is high.
